NEW TRUSTPOWER 2016 FIXED RATE BOND OFFER

This flyer summarises the terms of the new series of fixed rate bonds maturing 15 December 2022 (Bonds) that Bay Energy Limited (to be renamed Trustpower Limited, New Trustpower) is offering to institutional investors and members of the public resident in New Zealand (General Offer).

For information about New Trustpower or the General Offer and the steps investors will have to take to participate in the General Offer please see the Product Disclosure Statement dated 14 September 2016 (PDS). Capitalised terms in this flyer have the same meanings as in the PDS. A free copy of the PDS can be obtained from www.business.govt.nz/disclose or www.trustpower.co.nz/bonds, by contacting one of the Joint Lead Managers or your usual financial adviser.

Trustpower Demerger

As you may know, the shareholders of Trustpower have approved the separation of Trustpower into two New Zealand incorporated listed companies (Demerger). The two companies will be New Trustpower, which will own Trustpower's New Zealand and Australian hydro power generation and New Zealand multi-product retailing businesses and Tilt Renewables Limited, which will own Trustpower's Australian and New Zealand wind farm assets and wind and solar development projects. New Trustpower will be headquartered in Tauranga and will be New Zealand's fifth largest electricity generator and fourth largest energy retailer with approximately a 13% retail market share.

The Bonds will be issued following the Implementation Date for the Demerger, which is currently expected to occur around 14 October 2016, and will only be issued if the Demerger occurs.

New Trustpower Key Facts

- New Trustpower will supply electricity to around 280,000 homes and businesses, supply gas to around 31,500 customers, and provide around 65,000 customers with telephone and broadband services
- New Trustpower will own and operate a portfolio of hydro generation assets across New Zealand, three hydro generation assets in New South Wales, Australia and a small diesel peaking unit in Northland
- New Trustpower's New Zealand assets will generate approximately 5% of New Zealand's total annual electricity output
- New Trustpower generated pro forma earnings before interest, tax, depreciation, amortisation and fair value movements (EBITDAF) of \$213 million in the 2016 financial year
