Terms & Conditions

Effective 1 June 2017

Application

These Terms and Conditions apply to the fixed term agreement for broadband, phone, power and/or gas entered into between you and Trustpower. They apply in addition to Trustpower's standard terms and conditions for the supply of phone and internet services (Trustpower Customer Terms and Conditions for Telephone and Internet services), energy (Trustpower Customer Service Agreement) and LPG (Trustpower Terms for the supply of LPG) – together, all of these terms and conditions comprise the **Agreement** with you. If there is any conflict between these Terms and Conditions, the Trustpower Customer Terms and Conditions for Telephone and Internet services, the Trustpower Customer Service Agreement or the Trustpower Terms for the supply of LPG, these Terms and Conditions shall prevail.

Term

The term of the Agreement for power, phone and internet services (**Term**) is 24 months. There is no fixed term for gas services. If Trustpower changes the terms of the Agreement during the Term and you believe that change will be detrimental to you, please contact us. We will either let you remain on the existing terms of the Agreement or let you terminate the Agreement without paying any exit fees.

Discounted Unlimited Data Broadband rate

You'll pay the below rates for unlimited data broadband for the first 12 months of the Term, and the second 12 months of the Term, as determined by your connection type and/or selected broadband speed.

Offer assumes existing phone and broadband connections at the property. For new connections, connection fees will apply.

To retain the discounted rates on your Unlimited Data Ultra Fast Broadband, ADSL, VDSL or Naked Broadband plan you need to keep your broadband and power services with Trustpower.

Bundle Discount

Trustpower agrees to apply a \$15 per month discount on your chosen ADSL, VDSL, Ultra Fast Broadband or Naked Broadband package – the **Bundle Discount**. The Bundle Discount applies from the date of this agreement and is already included in your discounted rate for months 1-12 and 13-24.

Trustpower cannot confirm the continued availability of the ADSL, VDSL, Ultra Fast Broadband or Naked Broadband package you have chosen at the date of this Agreement, or that the Bundle Discount will apply to ADSL, VDSL, Ultra Fast Broadband or Naked Broadband packages it offers in the future.

You will continue to receive the Bundle Discount for your broadband package after the expiry of the 24 month Term, as long as you continue to keep your broadband package and an energy service with us.

If you no longer have any energy services with Trustpower, the Bundle Discount will no longer apply to your broadband package.

Exit Fees

When you sign up to Trustpower, we incur costs in order to provide our services to you. We don't mind paying these if you commit to taking services from us for the Term. On the other hand, if you terminate early, we still have to pay these costs and so if you terminate before the end of the Term, you need to repay some of those costs to us as set out below.

An exit fee is payable only once during the Term if the bundle is broken by switching or terminating your power and/or broadband services as below.

1. Switching or terminating energy services

If you switch power providers within the Term your discounted broadband rate ends and you'll need to pay an exit fee of \$195 (this will be added to your final account).

There is no exit fee if you switch gas providers.

2. Switching or terminating Internet services

If you switch your Trustpower broadband services to another provider, or terminate any of these services, during the Term, an exit fee of \$195 will apply. If you use Ultra Fast Broadband additional exit fees may apply.

3. Switching or terminating Ultra Fast Broadband

If this is a new connection (i.e. the first time Fibre has been installed at your address) and you switch or terminate Ultra Fast Broadband in the first 12 months of the Term, you will pay an additional exit fee of \$59 per month for the months remaining in those first 12 months. This is in addition to the \$195 exit fee above, which will also apply.

Your Energy Prices

If during the 24 month term you move to a different town or city, the energy price cap may no longer apply and your energy pricing may be different at your new address.

Power Prices

If you have power with Trustpower, your price for power will be capped for the Term. If the bundle is broken by switching or terminating your broadband services the price cap will no longer apply to any remaining power service. After the end of the Term your power price may be subject to change, you will be given at least 30 days' notice of any price change before it takes effect.

Power and Reticulated Gas Prices

If you have power and reticulated gas with Trustpower, your prices for power and reticulated gas will be capped for the Term, and will include a special 25 cents per day dual fuel discount. If the bundle is broken by switching or terminating your broadband services the price cap will no longer apply to any remaining power and reticulated gas service. If you no longer have both power and reticulated gas together with Trustpower you will not receive the dual fuel discount. After the end of the Term your power, reticulated gas and the dual fuel discount may all be subject to change. You will be given at least 30 days' notice of any price change before it takes effect.

Power and LPG Prices

If you have power and LPG with Trustpower, your prices for power, will be capped for the Term, and will include a special 25 cents per day dual fuel discount. There is no price cap for your LPG service. If the bundle is broken by switching or terminating your broadband services the price cap will no longer apply to any remaining power service. If you no longer have both power and LPG together with Trustpower you will not receive the dual fuel discount. After the end of the Term both your power price and dual fuel discount may be subject to change, you will be given at least 30 days' notice of any price change before it takes effect.
