

Standard Broadband – \$59 Offer Naked ADSL Offer Summary – 1 February 2017

Service Overview

Service Description ADSL is our standard broadband service. It's delivered over a copper line. We offer two plans for ADSL – 100GB or Unlimited Data.

The ADSL offer we have is:
Naked ADSL – This is an ADSL broadband connection without a home phone line.

Availability Our ADSL Broadband services are available in almost all areas of New Zealand. As long as there are copper phone lines in your area and to your property, you will most likely be able to get broadband as well.

You can check availability of services when signing up via our website or by calling our friendly team on **0800 87 87 87**.

Service Charge	Monthly Data Allowance:	Charge: With Power	Benefits:
	Unlimited	\$59 per month* for 12 months	<ul style="list-style-type: none"> > Free wireless modem \$14.95 postage and handling applies > Free transfer from your current internet provider > Free installation
<p>* \$59 Unlimited Data Broadband Offer is only available to new residential customers who join Trustpower for power and broadband services at the same address on a 24 month contract. \$59 a month for broadband applies for the first year. \$84 a month for broadband applies in second year, then standard unlimited data broadband charges apply. For more information click here</p>			

Additional Data Charges With unlimited data broadband, there will be no additional data charges.

Set Up Charges Trustpower offers a free transfer from your current internet provider to Trustpower. If there is no existing service at the address a new connection fee of \$63 up to \$263.63 may apply.

Please note – further charges may apply for new connections if additional wiring or a technician is required to attend during the connection process.

Traffic Management

Trustpower customers on unlimited data plans are currently not shaped in any way. From a connectivity point of view, unlimited data plans are treated in exactly the same way as limited or capped plans.

Generally our peak traffic times are between 3:30pm and 11:00pm. Customers may experience congestion during these periods.

At peak times there may be congestion on the network however, we are always working to provide the best possible service we can.

We do, however, reserve the right to apply traffic management policies to customers on unlimited data plans should this become required in the future.

Effects on other services

Your broadband service requires mains power to operate. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it, may stop working unless you have battery backup in your home.

If you are on Naked Broadband you will no longer have a dial tone. This means services such as (but not limited to) Medical and Security Alarms or EFTPOS may stop working. It is your responsibility to check with the provider of existing services to make sure they will operate under such circumstances.

Other charges

Naked broadband does not have a landline, so there will be no calling or additional phone charges.

Disputes

At Trustpower, we value customer feedback and take care to address complaints.
